## ARCHITECT

Hafer Associates, P.C., an award-winning and growing architectural, engineering and interior design firm located in Evansville, Indiana has a position available for an architect with 5+ years experience. Hafer Associates is seeking an ambitious and skilled individual, offering an opportunity to work with a talented team. While there will be opportunities to work on a diverse range of projects, the healthcare industry will be a focus of this position. The successful individual will have opportunities for both professional and career advancement within the firm.

### Responsibilities:

- Participation in design solution development
- Must be able to manage a project throughout all phases of project delivery
- Must be familiar with state and local codes and construction practices
- Must be able to coordinate inter-disciplinary aspects of projects
- Will oversee the development of construction drawings and specifications
- Will need to manage project construction costs and budgeting
- Will need to manage man-hour time budgets and productivity and report job status to firm management

### Qualifications:

- Architectural License
- 5+ years of experience practicing as an architect
- Experience in all facets of architectural project delivery
- Excellent written and verbal skills
- Excellent Client References
- Design skills desirable, technical building and detailing skills a must
- Must be familiar with AutoCAD, Work, Excel and other standard software associated with project and office management.

### Compensation and Benefits:

- Compensation commensurate with experience
- Life and Health Insurance
- Holidays and Paid Time Off
- Tuition reimbursement available
- Profit Sharing
- 401K plan available
- Flexible Benefits Plan

Interested candidates should reply with a cover letter and resume, describing their interest and qualifications to:
